QAPI - FACILITY NEEDS ASSESSMENT - COMPLIANCE & ETHICS:

MAKING IT ALL

WORK TOGETHER!

QAPI - FACILITY NEEDS ASSESSMENT - COMPLIANCE & ETHICS: MAKING IT ALL WORK TOGETHER

In CMS's responses to public comments on the regulations, CMS wrote that facilities should be integrating the information and data they collect or that arises out of their compliance and ethics programs into their QAPI program and also use the facility assessment they developed in developing and maintaining their compliance and ethics programs.

In this session we will review the QAPI Process and discuss ways to make it successful. We will then review QAPI, Facility Needs Assessment and Compliance and Ethics regulatory requirements and develop methodology for making the three work together to improve the overall quality of care, life and services for the residents you serve. We will also review of OIG and CMS requirements for Adverse Event Monitoring, investigation and correction.

Cost

\$100 1st person from facility
\$75 for each additional attendee

Agenda

8:30 - 9:00 AM	Registration
